

# Parkland Light & Water rolls out **Project Round Up**

Parkland Light & Water (PLW) has launched **Project Round Up**, a fundraising effort that will help our less fortunate neighbors pay their utility bill (electric and/or water). The new campaign lets you make a difference by contributing your small change.

Through **Project Round Up** 100% of donations go directly towards utility billing assistance. **No money is used on administrative costs.**

It all starts with you choosing to opt-in to the program. Doing so gives PLW permission to round up your utility bill to the next whole dollar amount. The difference between your bill and the whole dollar amount is donated to help your neighbors. If you want your small change to change lives, simply fill out the form on the back and return it to PLW. We can help those struggling to keep the lights on and water flowing. See the backside for payment plan options.

If you have questions, please call (253) 531-5666.
