

Water Availability Application

Parkland Light and Water will issue a water availability certificate to confirm adequate water supply and pressure to accommodate new construction. Washington state building code [RCW 19.27.097](#) requires such a certificate for any building permits or other permit requirements.

Please complete the form and email to csr@plw.coop (Attn: Engineering) or drop off at the office. Allow up to 14 days for completion of the certificate.

Project Address: _____

Parcel Number: _____

Approx. Bldg. Sq. Ft: _____
